

Next Generation Waterborne Industrial Wood Coatings

Sustainable with superior performance, Axalta's Cerulean™ Waterborne industrial coating offers advanced water-based technology for exceptional wood finishes. The low-VOC solution maintains remarkable performance, feel and durability. Most importantly, the easy-to-apply formula can be applied with a variety of equipment and reduces hazards to workers, consumers and the environment. Meets or exceeds all KCMA performance standards.

All the Benefits You Need:

EASY-2-APPLY

- Ready-to-spray viscosity
- Excellent flow and leveling
- Can be applied with conventional, HVLP, airless or air-assisted airless

EFFICIENCY

- Fast dry-to-sand
- Quick recoat times
- High solids for improved economics

PERFECT FOR:

- Kitchen cabinets
- Bathroom cabinets
- Office furniture
- Architectural millwork
- Store fixtures

Product Number	Name	Sheen
PKF5100	Premium Waterborne Topcoat	Dead Flat
